CDMC
Cosmetics & Detergents
Manufacturing Congress
Concept to Consumer

The Cosmetics & Detergents Manufacturing Congress (CDMC) is everyone's chance in the personal care & detergents market to get up-to-the-minute information and advice direct from leading experts, manufacturers, suppliers and industry figures in sourcing, manufacturing and outsourcing personal care and detergents products from start to finish and taking them from concept to consumer.

CDMC is two days, one unique UK event, packed with content ideal for anyone looking to:

- Develop products that are fit for purpose, stable and compliant
- Increase efficiencies, enhance productivity, save costs, cut the time to market
- Design, manufacture and market products in a controlled, safe and audited manner
- Enhance product performance, application or appeal
- Meet the demands of a legislative and regulatory framework that affects every part of the manufacturing and supply chain.

The above are key elements in allowing manufacturers to develop safe, effective, innovative and successful products that meet the requirements of ever demanding consumers and allow them to continually invest in brands and increase margins (without sacrificing volumes).

CDMC is free for visitors to attend. Great value in these budget-stretched times.

Source. Manufacture. Outsource.

Attendee Profile

- Brand owners – small, medium and large
- Entrepreneurial formulators and product developers
- Importers of foreign cosmetics and toiletries
- Responsible / qualified persons
- Process development chemists
- Process engineers and managers
- Quality assurance managers
- Testing laboratory managers
- Legal compliance managers
- Marketing executives
- Product managers
- Business development managers
- General management
- Consultants

To find out more, please visit www.stepex.com/cdmc

The Exhibition

Exhibitors are drawn from across the full range of equipment and services in the personal care market. It's a unique opportunity to see the new, the innovative, the proven, the expert, the everyday, the essential and to assess a full range of options for sourcing, manufacturing or outsourcing.

- Contract manufacture
- Processing
- Packaging
- Labelling
- Water purification

- Environmental hygiene
- Laboratory & analytical equipment
- Testing services
- Regulatory environment
- Market research
- Creative services

CDMC also takes place at the same time and in the same hall as the HPCI Congress – the home and personal care ingredients exhibition and conference.
