Organisers' Statement of Attendance Surfex 2016

Surfex is formatted to encourage face-to-face and business discussions where the emphasis is on technology. Analysis of the attendance profile indicates that Surfex continues to attract a complete cross section of the UK Surface & Coatings Technology industry – from brand owners to experienced formulating chemists, senior company executives, international attendees and students.

With the success of attracting ETCC delegates to the exhibition in 2016, seminars will play a key feature of Surfex 2018 and will be enhanced and streamed with the assistance of OCCA and our expert supporting organisations and institutions.

This will all be achieved within the framework of maintaining specific and exclusive exhibition time.

Here is a breakdown of the overall attendance figures for 2016.

Surfex will be held in a new venue The RICOH Arena, Coventry on 22-23 May 2018

Visitors by Type

UK Visitors	801
Overseas Visitors	151
ETCC Delegates	229
Exhibitors	456
Total number of onsite professionals	1,637
